

Drum Attachment

Designed to grip Drums/Barrels by the circumference and rotating to any position through 360° deg.

Packline's range of attachments are fully interchangeable and can be easily fixed or removed from any model of Heavy Duty Stacker fitted with the unique quick release system.

Available as Manual or Geared Rotation.

Loads capacity up to 300kg.

Interchangeable Jaws including rotating rubberised rollers and pre – shaped pads enable the right solution to be specified for each individual application.

Suitable for load diameters of up to 850mm as standard.

Built in Slip Torque mechanism to ensure correct gripping pressure is applied preventing over tightening and damage to load.

Please do not hesitate to contact Packline for further information regarding this design on 01202 307700 or via our web site at www.packline.co.uk
