

Mixing Bowl Attachment – Motorised.

ref: 11613-18

This Mixing Bowl Lifting Attachment has been designed to suit the Hobart 140 quart mixing bowl.

It is designed to safely lift and lower the mixing bowl. With its motorised forward tipping action, it also enables the easy and controlled emptying.

The bowl is retained in the attachment by two slide-in locators and secured each side with the unique quick release system.

The machine is operated from the push button controls adjacent to the control panel which provides simple and safe action.

Constructed from Stainless Steel the attachment is suitable for the food industry and other hygienic and clean room applications.

The attachment is backed up by a full bespoke design service ensuring the right solution can be made to suit any make or size of mixing bowl.

All Packline attachments are fully interchangeable and can be easily fixed or removed from any model of Compac fitted with quick release system.
