

'Hedgehog' Multi Reel Dolly - Hygienic Transport & Storage Solution

Cleanroom-Ready Handling for Reels in Production Environments

The 'Hedgehog' Reel Dolly offers a hygienic, efficient way to store and transport reels from warehouse to cleanroom. Originally developed for the medical industry, it streamlines handling across production areas with safe, ergonomic movement.

KEY FEATURES:

- ✓ 304 Stainless Steel with smooth, wipe-clean surfaces
- ✓ Custom Fit for specific reel diameters, widths, and weights
- ✓ Swivel Castors & Brakes for easy manoeuvrability and secure positioning
- ✓ Ergonomic Transfer from pallet to processing line

IDEAL FOR:

Cleanroom, pharmaceutical, food, and medical sectors demanding hygienic and reliable reel handling.
