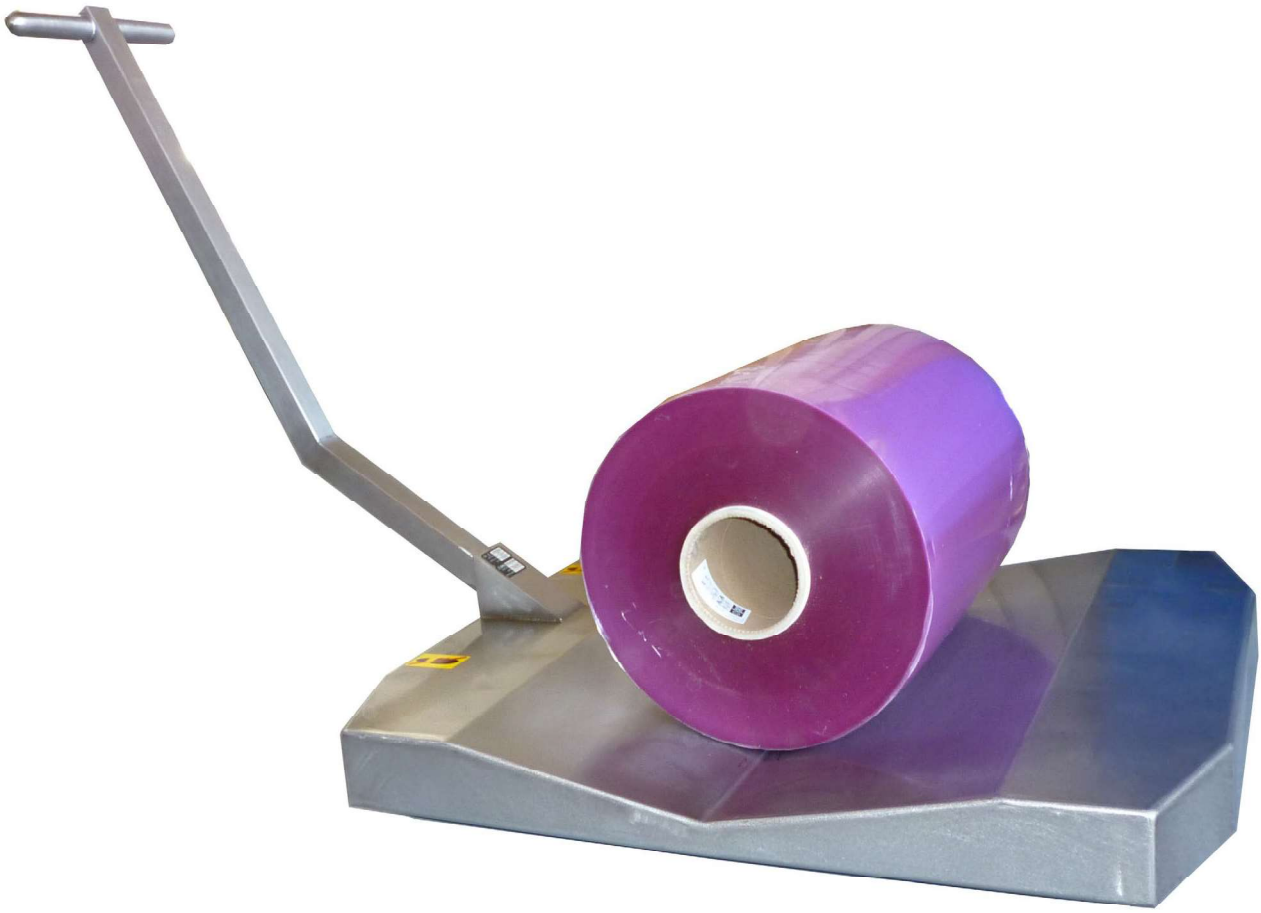
Low Profile Reel Dolly - Effortless, Hygienic Reel Transfer

Designed for Smooth, Low-Lift Handling from Pallet to Production
The Low-Profile Reel Dolly enables easy horizontal reel transport with minimal manual effort. Ideal for cleanroom, pharmaceutical, and food environments, it keeps the reel core accessible for fast mandrel loading.

KEY FEATURES:

- ✓ Low-Height Base for direct pallet transfer without heavy lifting
- ✓ Open Core Access for seamless mandrel loading
- ✓ Smooth Manoeuvrability with fixed wheels and swivel castors
- ✓ Stainless Steel Construction for hygienic, easy-clean use


An ergonomic, space-saving solution for efficient reel handling.
